Here is what to expect:

The doors to the church facing Lafayette Avenue will be used to enter and exit. We strongly encourage early arrival to avoid long waits and congestion by the entrance. Upon arrival, an usher will verify your Proof of Vaccination document.

Some household members will be allowed to sit together while others will be seated 6 feet apart on pre-marked locations and required to limit their mobility until the end of the service, except for bathroom usage.

Face coverings are expected at all times.

There will be **Hand sanitizers** and **extra disposable masks** by the church entrance. Some **pre-printed Worship Bulletins** will be available at the entrance table for those who could not print or download it on their device. **Passing of the Peace** should be without contact (eg. Hand wave, smile, bow, sign of acknowledgement, etc.).

There will be **no Communion**. There will be **no hymnals in the pews**; however, congregants may sing along with masks on. [Offerings can be done online](#) or by placing your envelope in a basket held by an usher in the narthex as you exit the sanctuary. **No re-entry will be allowed** once exited.

Should you experience any COVID-19 symptoms, or confirm to have been in contact with anyone who tested positive for Covid within 10 days of attending in-person service, please inform [the church administration immediately](#). Similarly, you will be informed by the Church of any incidence of this kind reported by anyone who attended service on the same Sunday as you.

Social Hour will continue virtually, on Zoom, 30 minutes after worship.

Thank you!

Louis Duplan

Chair, Church Life Committee
